

INSTRUCTIONS FOR CUTTING PHOTOS FOR LOCKET PEN418

1. PRINT this page
 - Make sure you are printing on A4 sized paper.
 - Make sure it is set to 100% scaling.
 - Make sure the Reduce to Fit Page Size is NOT checked.
 - To verify that you have printed the page at the right size, overlay a bank card over the outline below, and check it is the same size (85 x 55mm).
3. Cut out the locket template.
4. Lay the cutout template over the photo you would like to use and trace it with a pen.
5. Cut the shape out of your photo.
6. Insert your photo into the locket. You may want to:
 - Trim or adjust the cutout slightly.
 - **Be careful to not bend or damage your photo.**

We will not be held responsible for any damage caused to photos, or the inaccuracy of information on this page.
